## 1. **Brief Description of the Scheme**

Established in 1948, the Hong Kong Housing Society (“HKHS”) is a non profit-making organisation that provides housing and related community services to the people of Hong Kong. Appreciating the increasing demand for housing in Hong Kong, community recreational facilities and health care services for the Hong Kong’s growing elderly population, the HKHS has developed an innovative and comprehensive care concept for the aged — the Senior Citizen Residences Scheme (“The Scheme”).

The Scheme is an original concept that provides one-stop services to the elderly. Our tenants will have their housing, community, leisure and health care needs well looked after. The Scheme is targeted at senior citizens aged 60 or above who are financially independent. Upon payment of an entry contribution, successful applicants are guaranteed of long lease residence, with only modest holistic services monthly fee\*/management and basic care fees# to pay every month. Tenants can also subscribe, at own costs, to a wide range of optional health care services provided by the operator to cater to individual health conditions and needs.

HKHS hopes this leaflet will offer you simple yet detailed information on the Scheme.

Wishing the elderly with heart at ease, happy aging, and aging in place under the Scheme.

## **2. Eligibility Criteria**

### **2.1 Who is eligible for the Senior Citizen Residences Scheme?**

The Scheme only accepts applications from singleton with self-care ability and couple/ non-couple doubleton which at least one of them has self-care ability.

### **2.2 What is Singleton?**

Singleton means anyone who is single, divorced (must produce documentary proof such as final divorce documents/ Certificate of making Decree Nisi Absolute (Divorce)), or widowed, or any married person whose spouse does not have the right to land in Hong Kong. In connection with the right to land in Hong Kong, any person who has the right to land in Hong Kong but is subject to any conditions of stay (except for conditions concerning the limit of stay) will not be treated as a person having the right to land in Hong Kong. A person who does not have the right to land in Hong Kong cannot be included in the application form.

### **2.3 What is Couple/Non-Couple Doubleton?**

The applicant and joint applicant must be aged 60 or above. If the joint applicant is between 50 and 59 years of age, he/ she must be the spouse of the applicant. He/ She will only be permitted to reside in the unit as a “Permit Occupant”, and will be required to pay the holistic services monthly fee/ basic care fee during his/ her stay in the unit. Applications submitted by applicants under the age of 60, or where the applicant’s spouse is under the age of 50 by the date of application, shall be deemed invalid.

There is no restriction on the relationship between the applicants and joint applicants of couple/ non-couple doubletons. The applicant and joint applicant have the right to land in Hong Kong without being subject to any conditions of stay (except for conditions concerning the limit of stay). Person(s) who do not have the right to land in Hong Kong cannot be included in the application form. A married applicant must make a joint application with his/ her spouse unless a death

certificate of the spouse; or supporting documents which prove that his/ her spouse requires long stay in nursing home or hospital; or a valid certification of divorce are produced.

#### **2.4 Is there any age limit?**

Applicants and joint applicants must be aged 60 or above by the date of the application, as evidence by the relevant information on their Hong Kong Identity Cards or records of the Immigration Department of Hong Kong.

#### **2.5 Is there any limit of stay in Hong Kong?**

Applicant and joint applicant must have resided in Hong Kong for 7 or more years before the date of the application, and hold valid Hong Kong Identity Cards. In connection with the right to land in Hong Kong, any person who has the right to land but is subject to any conditions of stay (except for conditions concerning the limit to stay) will not be treated as a person having the right to land in Hong Kong. For a joint applicant who is the spouse of the applicant, he/ she must also be 60 years old by the date of application. He/ She must hold a valid Hong Kong Identity Card.

#### **2.6 Why is financial ability a key consideration?**

The Scheme is based on a “user pays” concept. We must therefore ensure our tenants have the financial means to lead an independent life and meet any future medical expenses that might arise should their physical condition deteriorate.

#### **2.7 How do you assess financial ability? What are the eligibility criteria?**

In order to fulfil the eligibility criteria, applicants should meet the total assets limits (see item 2.9), or if they fail to meet the specified minimum limit, they should have qualified guarantor(s) to undertake a Deed of Undertaking and Indemnity to bear for all their future living expenses whilst living in the flats of the Scheme (see item 2.13 – 2.15).

## **2.8 How are financial ability set?**

The limits are set having regard to tenants' ability to support themselves, the need for a reasonable standard of living, average life expectancy and individualised requirements for health and medical care services.

## **2.9 What is applicant's financial ability?**

Age	Financial ability for Singleton (HK\$)	Financial ability for Couple/ Non-Couple Doubleton (HK\$)
60-69	5.76 million – 10.49 million	8.26 million – 15.32 million
70 or over	4.44 million – 8.10 million	6.10 million – 11.40 million

## **2.10 What does financial ability include?**

Financial ability includes an applicant's income and assets.

Income including but not limited to pension, salaries from the current employment, and the gross income derived from properties, vehicles and businesses owned by the applicant.

Assets including but not limited to properties, land, company stocks and shares, vehicles, transferable vehicle registration licences, bank deposits, unit trust funds, insurance policies, annuity plans, assets of any self-owned business(es) and any other assets held in any other forms by the applicant in Chinese Mainland, Hong Kong and overseas.

## **2.11 If the applicant owns any properties, is it necessary to dispose of them?**

No. The value of these properties or lands in Chinese Mainland, Hong Kong and overseas and any income derived therefrom will be included in assessing the total assets.

**2.12 Is it necessary to hand over assets to the HKHS?**

No. Assets are only for assessing applications.

**2.13 If an applicant's and/or joint applicant's total assets fall short of the specified minimum limit, can he/she join the Scheme?**

Yes. Applicants and/or joint applicants with total assets less than the minimum limits (see item 2.9) can apply the Scheme, if they are able to provide a Deed of Undertaking and Indemnity, or any other instrument specified by the HKHS, executed by a qualified guarantor(s) who undertakes to bear future living expenses of applicant and/or joint applicants whilst living in the flats of the Scheme.

The units of the Scheme are offered on a long lease basis. Upon execution of the lease, the tenant is required to pay a lump sum entry contribution. There is no monthly rent but the tenant requires to pay the related fees (see item 5.4 and item 5.7).

### **3.2 How to determine the amount of entry contribution?**

Determination of the entry contribution amount is based on age. Applicants are divided into 4 categories. The older they are at the time of moving in, the lower contribution they would have to pay. As for the entry contribution on individual units, this is determined by the location, size and orientation. Entry contribution for couple/ non-couple doubletons is based on the age of the younger applicant.

### **3.3 Will the entry contribution refunded? How to calculate the refund amount? Does it bear any interest?**

If a tenant terminates the tenancy, he/ she will be refunded with 10% to 70% of the entry contribution, plus accrued interest thereof. The actual amount payable, on a descending scale, is based on the years of tenancy. In other words, the longer a tenant lives in, the less entry contribution he/ she will get back.

Balance of the entry contribution is valued on the day of termination, while the interest is based on savings rate published by any note-issuing bank at the end of each quarter (i.e. March, June, September, December).

In addition, HKHS reserves the right to deduct from the amount payable to the outgoing tenants the amount owe to HKHS and the operator according to the terms and conditions of the lease.

### 3.4 Can you use an example to illustrate the amount of refund?

No. of Years * Resided in the Unit before Tenancy Terminated	Approximate Percentage of Entry Contribution Refund (%)
The 1st anniversary	70%
The 5th anniversary	53%
The 10th anniversary	31%
On or after the 14th anniversary	10%

*\* Less than one year will be deemed as one year, beyond the anniversary date will be counted as two years.*

Example: Entry date - 1 December 2019

<u>Date of Termination</u>	<u>Lapsed Years of Tenancy</u>

In the case of joint tenancy, however, when one of the joint tenants passes away, the other may continue to reside in the unit.

### **5.3 What about the care services of the Estates under the Scheme? How to ensure tenants of the Scheme have priority to use these services?**

Tenants are required to execute a service agreement with the HKHS or the Operator by the time when they sign the lease, which entitles them to basic care services (included in the monthly fee). Tenants also have priority to subscribe to optional health care services specially designed for the elderly. The HKHS or the Operator will monitor the health condition and needs of individual tenants, so that those in need have priority allocation of a unit in the care and attention section. To ensure effective use of facilities, a flexible management/ allocation approach will be adopted, so that tenants' right to use these services will not be jeopardised.

**5.4 Are there any fixed monthly fees?**

Tenants are required to pay the holistic services monthly fee\*/ monthly management fee# and basic care fee#.
